### LOCAL REEVITIES.

Thanksgiving a week from to-day.

Ironton's streets should be lighted.

How about the Thanksgiving turkey?

Some pretty cold nights the past week.

There has been plenty of ice the past week.

Hans Haas at the Academy of Music November 26th.

Dwelling house to rent. Inquire at H. Barnhouse's.

Circuit court meets in Reynolds county next week.

The new Presbyterian church will be completed this week.

The Robekahs had lunch after their lodge meeting last night.

17 lbs. Granulated Sugar, 18 lbs. Light Brown Sugar, at H. Barnhouse's.

May every reader of the REGISTER have a tip-top Thanksgiving dinner.

Is the drought going to extend into another year, as some of the prophets contend?

Ball and oyster supper by the band boys at the Academy of Music next Thursday night.

Bishop Tuttle will hold services at St. Paul's church next Tuesday evening, November 26th.

Mr. and Mrs. O'Brien have removed to Arcadia, having rented a portion of Mrs. Hatten's residence.

Go and see James T. McAlpin in "Hans Hanson" and have a good laugh and forget your troubles.

Owing to the change in the time of the train the north-bound day mail now closes at 11:15 o'clock.

To Joseph Thompson of Black River we are indebted for some very fine turkeys presented last Saturday.

If you happen to be going anywhere these days and find the train on time, well, you're lucky, that's all.

Do not forget the Autumn Festival at Graniteville next Wednesday night. All who attend may be sure they will have a good time.

Daugherty's foot ball men went over to Farmington last Saturday and were badly beaten by the Farmington team. The score was 44 to 0.

The Sunday School Institute of the Franklin Baptist Association will be held at Doe Run Baptist Church November 26th and 27th.

The Ladies' Guild St. Paul's Church will give the annual bazaar at the Academy of Music, December 12th. Particulars next week.

Henry Adolph was in St. Louis this week buying his Christmas stock of goods. Henry says he will have a fine assortment this year.

It is said now that the telephone line will not be built south from Arcadia this winter. The company is too busy constructing lines elsewhere.

Sheriff Gregory received a telegram Wednesday stating that a fine horse had been stolen from Andy Wiatt the night before near Caledonia.

Be in mind the Farmers' Institute at the court house next Monday and Tuesday. Every farmer in the county should make a special effort to be present.

The Bemis-Phillippi wedding took place in the Church of the Holy Communion at St. Louis last night. Miss Alma Fletcher of Arcadia was one of the bridesmaids.

There was a head-end collision on the branch between two freight trains near Glen Allen last Thursday night. The collision was occasioned by a train crew overlooking orders.

F. B. DeGarmo, formerly trainmaster on the Missouri division, but for some time past Division Superintendent, at Mer Rouge, Louisiana, last week resigned his position.

A new time card went into effect on the road Sunday. The only change in the time of trains is that of No. 2, the north-bound day train which is now due here at 11:28 instead of 12:05 as heretofore.

The railroad is thinking of putting in more side track at the Ironton station. The old house track is to be used as a passing track and a spur will be built out from the house track to be used as a house track.

Cards of invitation have been issued to the wedding of Dr. Meredith of St. Louis and Miss Georgia Muffley of Ironton. The ceremony takes place at the residence of W. T. Gay, 10 o'clock Thursday morning, Nov. 28, 1901.

The change in time of No. 2, the north-bound train, makes it very convenient for people who want to go from here to points on the Belmont branch. No. 2 is now due at Bismarck before the south-bound Belmont train leaves.

It is rumored that some St. Louis physicians are considering the advisability of converting the Newman place, west of town, into a sanitarium. There will probably be some definite information in regard to the matter in a few days.

The REGISTER has just completed for Mrs. H. O'Brien, real estate agent, "The Arcadia Valley Real Estate Guide." It is an interesting and instructive pamphlet to all who contemplate making real estate purchases in the Valley.

Last week's Monitor announced John W. Callahan as a candidate for Prosecuting Attorney. We desire to inform the Monitor man that he is mistaken, as Mr. Callahan expects to be a candidate for the State Senate in this District. —Salem Democratic Bulletin.

The editor writes from North Carolina that he has been suffering with a severe cold ever since his arrival in the Tar Heel state, and that, unless there is a marked change for the better in his condition in a few days, he will be back to the Valley.

Joseph F. Lindsay of Piedmont was in town Saturday. Mr. Lindsay's mercantile house was destroyed by the recent fire in Piedmont. He says his loss was \$14,000; insurance, \$7,000. He was here to see Louis Miller and Chas. Tual about building him a new store.

Harry Byers writes home that he now has a position with the Mansur-Tibbets Manufacturing Company in St. Louis and that he is well pleased with his surroundings. Harry is a bright boy and has many friends who do not doubt but that he will make a success in the world.

Aug. Winkler wants the public to know that he has a line of first-class pianos in stock in the south room of the Academy of Music building. Mrs. O'Brien, who is in charge, will take pleasure in showing the instruments to all who call. The pianos are direct from the factory and the prices as low as can be secured anywhere.

What has happened to the Bonnet Terre man who was going to put a local telephone system in the Valley? We do not know whether the venture would prove a paying one or not, but there is one thing certain there is no place in the world where a telephone would be more of a convenience than it would right here in the Valley.

Collector O'Neal again calls the attention of city taxpayers to the fact that in order to avoid costs and penalty city taxes must be paid within a very short time now. The collector has to make his settlement with the city council the first Monday in December and all city taxes not paid by that time become delinquent and cost and penalty ensue. So step up, gentlemen, and liquidate. Call early and avoid the rush.

Rev. Stilton, the Methodist minister at Lesterville, was assaulted and badly beaten by a man named Lester last Sunday afternoon. Stilton had been conducting a revival and was quite outspoken in his denunciation of the illegal sale of liquor that he contended was going on in that community. Lester was arrested and will be vigorously prosecuted. He should be given the limit of the law.

The county court had another tussle with the Irondale saloon license question the early part of last week. The party petitioning for the license made an urgent plea to have his petition accepted, while those opposed to the establishment of a saloon in that town fought it at every point. The result was that the anti-saloonists won. Last June is getting along about as well as could be expected, though his suffering has been long and severe. His back was injured and it is just within the past few weeks that he has been able to sit up. He received \$5,000 in damages from the company he was working for.

Next Thursday being Thanksgiving day, there will be service at 10 o'clock in St. Paul's church. The regular Wednesday and Friday services next week will be omitted. The early service being omitted until the Advent season begins and then a definite announcement will be made as to this and possibly other services. A special cause for Sunday evening services during the season of Advent is being considered, also of Wednesday evening addresses, but definite announcement will be made later.

The manager of the Academy of Music calls attention to the Hans Hanson company, appearing here on the evening of Nov. 26th. The company is an ordinary one, and the merits of both the play and players are joined in the production of one of the most charming stories ever delineated. This method is taken of calling personal attention to the date, Nov. 26th, and the company giving the assurance that theater-goers will receive more than their money's worth in pleasure. Reserved seats on sale at Arcadia Valley Drug Store. Prices, 25, 35 and 50c.

The Uncle Tom's Cabin company which visited Ironton last week was rank, very rank, indeed. Now according to our way of thinking the play of Uncle Tom's Cabin is in itself very, very rank—in fact just about as rank as anything can be—but in this particular instance the players were much more rank, and the individual who gave up his good money to see that show was "desecrated" and "desecrated" is a mild word. Two little children—a boy and a girl—did some specialty work that was very good, and that is about all of merit there was to the show. Just paste this in your hat: Davis & Busby Bros., Uncle Tom's Cabin Company is no good, it's an imposition and not worthy of patronage.

Of all towns in the world for destructive fires Piedmont certainly beats them all. The following from last Friday's Republic tells of the latest conflagration in that town: "To-day at noon fire broke out in the Fulton Opera House and destroyed seven business buildings belonging to the Exchange Bank, Kimmel & Co., drugs; Opera House Saloon; Mrs. Mae Lindsay, millinery; T. J. Randall, restaurant; Knights of Pythias lodge hall; J. F. Lindsay, general merchandise; City Hall and jail; Taylor's livery stable and a number of outbuildings. Hard work saved the buildings on the west side of the street. The buildings and contents were all insured, some for their value and some only partially."

We have received the programme for the Twenty-sixth Annual Session of the Southeast Missouri Teachers' Association, to be held at Farmington, November 28-29, 1901. The programme is a most interesting one, and an opportunity is presented to hear several prominent men who have never before attended the association. Commissioner Hawkins hopes that there will be a good attendance of teachers from Iron county. He writes the REGISTER: "This is the first time for years that the Southeast Teachers' Association has been in easy reach of Iron county teachers. Every teacher should attend. The information and enthusiasm gained will more than pay for the loss of time and money."

G. G. Parker, pension and war claim attorney, Washington, D. C., recently addressed the following letter to one of our real estate agents: "I desire to know something about your little city. Could you send me a circular and list price of property? I have a desire to get back to Arcadia. I spent a few months there in the summer of 1861 as a soldier. I cannot forget the pure air and water and mountain scenery. I am now an old man, but the fascinations of that beautiful valley still cling to me. Shepherd, Goat and Iron mountains I often see in my dreams. I would like a little place of five acres near by to spend the remainder of my days, with my dear little wife. We will be pleased to hear from you."

Owing to the train being too late for the opening of services in De Soto, Rev. T. A. Waterman did not get Sunday as announced, this having been the understanding with the rector of that place. It was a special disappointment as he had hoped to go from there to Hannibal for a meeting of the northern convocation this week. The faithful assembled at St. Paul's church for the special service Sunday afternoon being young people exclusively, instead of the stated service an informal address was given on the lessons of the Advent season soon to commence, prayers regarded as preparatory ones for this solemn season being used. Gratification was expressed at the number present at a service of an unusual character.

### PERSONAL.

### Recommends it to Trainmen.

G. H. Hansen, Lima, O., Engineer L. E. & W. R. R. writes: "I have been troubled a great deal with backache. I was induced to try Foley's Kidney Cure, and one bottle entirely relieved me. I gladly recommend it to any one, especially my friends among the train men, who are usually similarly afflicted." Arcadia Valley Drug Co.

Canned goods from 7 1/2 to 12 1/2 cents per can at H. Barnhouse's.

### Des Arc.

We are having winter with the dry weather. If we should have a freeze, water in the creek would be scarce and many will suffer.

The roads were never better, and lumber, hubs and staves are moving rapidly, but no cars and no power to move them, when loaded, cars remain on the track a week before taking out.

The new time card is no help to us only going to Farmington. You can make close connection with the Belmont passenger. When a drummer comes here now he spends a week, no train but one to go on.

### Obituary.

The subject of this sketch, James W. Anderson, son of Mr. and Mrs. Marion Anderson, was born August 8, 1869, and died October 5, 1901, aged 32 years, 1 month and 27 days. Jim had suffered a great deal the past year, but during all this time had borne his suffering with patience, and only seemed to be waiting for the Master's call. He leaves a father and mother, four brothers and two sisters, to mourn his loss. Bro. J. D. Stephens conducted the prayer exercise at the house, and songs were sung by Wm. Shelton and wife and C. C. Farmer, after which the remains were taken to the family cemetery in the west end of the county. A FRIEND.

Fresh oysters at the Blue store, served in any style, or sold in bulk.

Adolph's \$38, an excellent five cent cigar, for sale by all dealers.

### Bellevue Woodmen Entertainment.

Tuesday evening, November 12, the "Woodman fire maker and entertainer" arrived to enliven our presence at the Masonic Hall.

It was announced that Mr. Huron would entertain that evening, and well he performed his task. Part of his audience were acquainted with his talents and knew what to expect; others were taking the announcement for its worth, and did not have the least idea of what was in store for them. None left disappointed.

The house was filled with an orderly and attentive audience, who showed their appreciation by their attention and rounds of applause.

Mr. Huron handles a banjo with much skill, as an improvisator, he is excellent, and as a humorist, and elocutionist, he occupies an enviable position.

As an opening, he delighted us with a selection, up-to-date, "The Spanish Fandango." This lively piece was followed by a bit of humor which might be entitled, "The Position of a Lady's Hat in the Hall." This was not without effect and many showed that they appreciated his position by a hearty applause.

The entertainer spoke of the merits of Mr. Anhar, the negro poet. He said he appreciated the work of that poet but had no desire to dine with him. The audience was then delighted with "The Party," a selection written by the said negro. The "Party" was composed of the colored people from all the surrounding plantations. Young and old, large and small, were there "to join in the play and partake of the feast." All went well until an enthusiastic "young coon" stumbled into the fire and was kicked up a crisis had not the supper bell rung. Soon the darkies were seated, with anxious looking eyes and water in mouths. "Fo bless yo life," says Uncle Eben, "there was every thing I could wish for."

"From de wheat bread, as white as cotton—to de big Yaller pone. O, do be still, de roasted shote, and de boiled ham; de baked 'coon swimmin' in gravy, and beet ob all de nigger's delight," Mr. Possum and sweet taters."

Brodder Tompkins, no less eager than the rest is called upon to "say de bleesin'." He performs that duty reverently, but also mindful of "de possum."

"O good Lord, look down with mercy upon dese gen'rals hearts; bestow yo bleesin', and—please reach us de possum, Amen!"

On the whole everybody was pleased and everything was a success. It was an evening well spent, and Mr. Huron's words for the M. W. A. will not be without effect. D. R. O'FUE.

Geo. A. Points, Upper Sandusky, O., writes: "I have been using Foley's Kidney and Urinary for some time, and find it the best remedy I ever tried. It stopped the cough immediately and relieved all soreness." Take none but Foley's. Arcadia Valley Drug Co.

Post-Dispatch Fair Markets.

The Post-Dispatch refuses to print markets furnished by the City Commission Dealers Combine. The Post-Dispatch markets are reliable.

CASORIA. The Kind You Have Always Bought Bears the Signature of

Rev. Irl R. Hicks is Not Dead.

Notwithstanding a widely current rumor that the Rev. Irl R. Hicks was dead, he never was in better health, and never did a harder worker than his successful year's work than that just closing. He has just completed his large and splendid Almanac for 1902 and, with his staff of able helpers, has brought his journal, Word and Works, justly forward into international reputation. For a quarter of a century Mr. Hicks has grown in reputation and usefulness as the people's astronomer, and forecaster of storms and the character of coming seasons. Never were his weather forecasts so sought after as now, his timely warning of a serious drought this year having saved the people from loss and suffering. Millions of bushels of wheat were harvested through his advice to plant crops that would mature early. The American people will certainly stand by Prof. Hicks, when it costs them so little and the benefits are so great. His fine Almanac of 300 pages is only 25c, and his splendid family journal is only one dollar a year including the Almanac. Send to Word and Works Pub. Co., 2201 Locust St., St. Louis, Mo.

Seymour Webb, Moira, N. Y., writes: "I had been troubled with my kidneys for twenty-five years and had tried several physicians but received no relief until I bought a bottle of Foley's Kidney Cure. After using two bottles I was absolutely cured. I earnestly recommend Foley's Kidney Cure." Take only Foley's. Arcadia Valley Drug Co.

Weather Report.

Meteorological report of Voluntary Observer at Ironton, Iron county, Mo., for the week ending Tuesday, Nov. 19, 1901:

Days of Week.	Days of Month.	Lowest.	Highest.	Precipitation.
Wednesday	13	67	25	
Thursday	14	58	28	
Friday	15	42	25	
Saturday	16	45	22	
Sunday	17	46	11	
Monday	18	46	36	T
Tuesday	19	48	20	

NOTE.—Precipitation includes rain, hail, sleet and melted snow and is recorded in inches and hundredths. Ten inches of snow equal one inch of rain. "T" indicates trace of precipitation.
